Subject: RE: Please contact Clarke Mosquito re: Anvil EPA Reg #1021-1688-8329

Not sure who the best contact is for Clarke, but I typically talk to Karen Larson: <klarson@clarke.com>

Hi Catherine,

Yes I can do that but I will need to ask the PMs/Jenn / and check oppin for the email/telephone # for the registrant unless you have it. Also PFAS is Per- and Polyfluoroalkyl Substances (PFAS) ?

Thanks
Erik

Subject: Please contact Clarke Mosquito re: Anvil EPA Reg #1021-1688-8329
Importance: High

Hi Erik – would you please contact the registrant (Clarke Mosquito) this morning and confirm if they are comfortable with EPA making the following statement? I suggest calling first but we should receive the confirmation in email for our records.

“EPA has detailed information on the components of this formulation, and can confirm that no ingredients in the approved formulation are PFAS.”

We need this ASAP to move forward with a desk statement for senior leadership. Thanks!
Best,

Catherine

Subject: RE: please pull product info for ANVIL EPA Reg #1021-1688-8329

Hi Catherine and Kerry,

Attached are the csfs in the imaged jackets. The most recent csfs would be in the paper jacket in the office. I don't see any csfs in documentum or in chem. docs.

This is the link to the latest label. https://iaspub.epa.gov/apex/pesticides/f?p=PPLS:102:::NO::P102_REG_NUM:1021-1688

Thanks
Erik

Subject: please pull product info for ANVIL EPA Reg #1021-1688-8329
Importance: High

Erik, Kerry:

Could your teams please pull the label and CSFs (anything electronic) for this product?

Anvil 10+10 UVL EPA Reg #1021-1688-8329

This is in reference to a R1 report that a state detected potential contaminants from samples used for aerial application for mosquito control. This is a high priority request; please provide what you can today.

Best,
Catherine
